

Quality Initiative

Intent

The Division of Professional-Technical Education wants to ensure that we support curriculum that is:

- Rigorous
- Relevant
- Measurable
- Allowing for Sufficient Complexity

Components of the Quality Initiative

- Rigorous Technical Programs
 - Meet Industry Standards
 - Use Technical Achievement Measures
 - Instruct on All Aspects of the Industry

Integration of Academic Achievement Standards

Articulation of High School and College Curriculum

Strategies

- Align Programs with Career Clusters and Pathways
- Evaluate and Improve Existing Programs
- Identify and Implement New Programs
- Develop and In-service New Curricula
- Integrate Academic Standards
- Broaden Scope (All Aspects of the Industry)
- Develop and Use Assessment Tools
